

Brazilia

by Broyhill Premier

On the heights of a plateau, deserted and desolate, there raises its proud head the new and majestic Capital of Brazil called "the capital of the year 2,000." Brasilia . . . the city . . . by its daring and beauty has revolutionized architecture and opened vast new horizons of design. From this inspired dream, Broyhill Premier drew inspiration for the furniture grouping which bears the fine young name: BRASILIA. In softly shaded Walnut, BRASILIA is infinitely more than a collection of fine furniture. It is the dynamic embodiment of a new way of life.
